DETAILED ACTION

Applicants' response dated 11/20/2006 has been received and entered. By the amendment, claims 1-4, 6-11 and 13-14 are now pending in the application.

Allowable Subject Matter

1. Claims 1-4, 6-11 and 13-14 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter

The references of record neither disclose nor make obvious an optical compensating film comprising a combination of various elements as claimed, more specifically of an acrylic adhesive layer is disposed directly on a norbornene-based resin film and the adhesive strength between the adhesive layer and the stretched norbornene-based resin film is not smaller than 10N/20mm as set forth in claim 1 and 10.

3. This application is in condition for allowance except for the following formal matters:

Drawings: The drawing dated 11/20/2006 has been received; however, the drawings are objected to under 37 CFR 1.83(a)(b). The drawings must show every feature and complete of the invention specified in the claims (e.g. claim 9). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must

be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
